

Perfect and refreshing  
smart air care system

# Cairfog

We open the future,  
**Nexolwizvil**

With continuous *change* and *innovation*, we have developed an automobile IT service, car-care products and a smart air care system called 'Cairfog.'

The top of smart air care systems,  
**Cairfog**

Being applied to the best-selling automobiles in the world, the smart air care system, Cairfog, aims to reach a sales goal of 100 million across the world.

# Is it okay if my car AC smells?

# The answer is Cairfog!

The cause of a smelly AC or heater is mold!

Inside of the car, you can smell not only mold from the AC or heater but also breathe in floating dust and 700 or more different kinds of germs and bacteria.

Solve your problems with the smart air care system, Cairfog.

"More than 700 kinds of germs/bacteria have been found in the car's interior, while 60 kinds in a public toilet." - Queen Mary University in London

# A smart air care system, **Cairfog!**

Strong and refreshing  
3-step system care!

Strong steam-sprayed fog from Cairfog sterilizes the AC/heater, steering wheel, gear-shifter, seats, floor and ceiling to eliminate 99% or more of the mold and germs. It also completely removes fundamental odors to create and improve clean indoor air.

Use Cairfog fortnightly, including in monsoon seasons when the humidity is high and during seasonal changes, to always maintain a refreshing and healthy car interior.

## Function of Cairfog

Phytoncide

Usage of purified water

Removing mold

Deodorizing

Antibacterial Sterilization

### Step 1

Antibacterial treatment is provided first by plant extracts to the cabin filter located deep inside the car.

### Step 2

Steam is sprayed at 270 degrees on filters and AC for mold elimination and antibacterial coating.

### Step 3

Soft and fine fog particles control dust and germs in every nook and cranny inside the car.

# Cairfog has clear strengths!

Cairfog's three incomparable advantages:

- 1. **Safe ingredients made with plant extracts** Plant extracts provide the cabin filter equipped deep inside the car with antibacterial treatment first.
- 2. **Strong steam care** Strong steam sprayed at 270 degrees penetrates deep into the car
- 3. **Soft fog particles** Strong steam sprayed at 270 degrees penetrates deep into the car

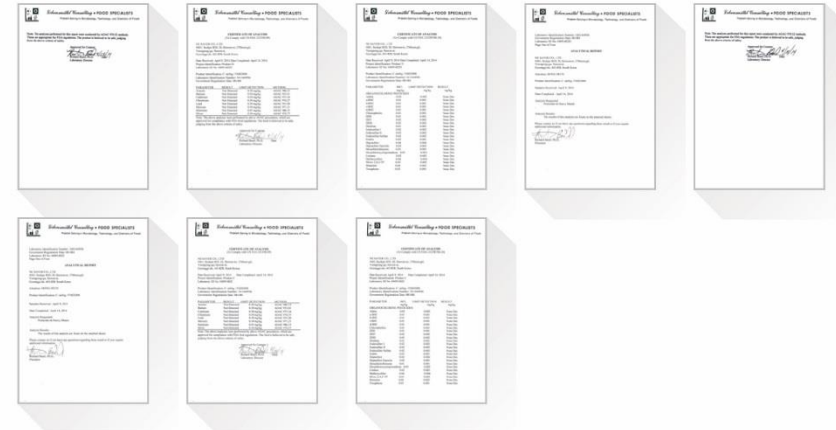

## What is Phytoncide?

harmless to the human body and has excellent and natural antibacterial effects. It also reduces VOCs that causes sick building/car syndrome, and activates NK cells that improve our immune system.

# You can trust Cairfog!

It has passed FDA tests.

## Patents

# Cairfog is different!

No need for words.

# The answer is Cairfog.

Now, experience the differentiated effects of Cairfog.

## Man-made chemicals

Category	Company A	Company B	Company C
Main ingredients	<b>Chlorine disinfectant</b> hypochlorous acid	<b>Alkaline disinfectant</b> tetrasodium edta, sodium silicate	<b>Humidifier sterilizer</b> didecylidimethylammonium chloride (DDAC)
Harmfulness to human	<p>It causes <b>severe damage to eye mucous membrane</b></p> <p>Being a significantly unstable oxidative liquid, hypochlorous acid is classified as a dangerous material.</p> <p>If chlorine gas is inhaled, it activates with moisture in the lungs and creates fatal hydrochloric acid, which was used as a chemical weapon by the German army during World War 1.</p>  	<p>It causes <b>severe damage to eyes and skin.</b></p> <p>When inhaled, it causes <b>inflammation in the lungs.</b></p> <p>When ingested, it causes <b>burns in the airway and stomach.</b></p> <p>Low-price disinfectant used for animal sheds and drains.</p>  	<p>It causes <b>severe damage to eyes and skin.</b></p> <p>When inhaled, it causes <b>inflammation in the lungs.</b></p> <p>When ingested, it causes <b>burns in the airway and stomach.</b></p> <p>When a <b>minimum amount (0.003 ppm)</b> is injected into mice, <b>pulmonary fibrosis is incurred.</b></p> <p>As a result of animal tests by Brigham and Women's Hospital in the U.K., it causes <b>infertility.</b></p> 

## Ozone

Company D
<b>Ozone sterilizer</b> (Ozone_O3)
<p>It causes <b>coughing, burning eyes and shortness of breath.</b></p> <p><b>Impossible to block with a mask</b></p> <p>Not water soluble.</p> <p>When exposed for a long time, it causes <b>severe damage to the respiratory system or eye sight.</b></p>  

## Natural

Cairfog
<b>Natural antibacterial material, phytoncide</b>
<p><b>No</b> harmfulness</p> <p>It uses a <b>natural</b> sterilizer and antibacterial substance, <b>phytoncide</b>, extracted from hinoki cypress.</p>
